STATEMENTS OF IMPORTANCE

OFFICIAL COMMUNICATION

Students are ultimately responsible for using official Husson University communication methods. Failure to use official Husson University methods does not excuse students from the content that may be received through each method.

The official Husson University communication methods are:

- Husson University campus voicemail and “Eagle Alerts” via E2 Campus
- Husson University e-mail system
- Husson University campus mailbox
- Husson University’s Free “Eagle Safe” mobile safety App.
- Last address provided by students for official communication purposes

IDENTIFICATION CARDS

All students are required to have a Husson University identification (ID) card containing an assigned student identification number, which should be in their possession at all times. This card is used for identification purposes in accessing University buildings and grounds, using athletic and audiovisual equipment, borrowing material from Sawyer Library, attending University-sponsored events, and dining on campus. The first Husson University ID card is issued to a student at no charge. The cost to replace a student ID is set at \$25. This amount can be paid with dining dollars, cash, or added to the student’s ledger account. The cost will be waived if one of the following conditions exist:

1. card is no longer readable due to normal wear and tear; or,
2. the card is lost due to theft; or
3. the card malfunctions for some reason (will not open doors, will not swipe for meals, etc.).

The student ID is meant to last a student during his/her entire time here at Husson. There is no automatic replacement at the beginning of each semester. Students are expected to return at the beginning of each semester, card in hand.

Students should be prepared to show their ID card when requested to do so by Residence Life staff, Safety & Security personnel, faculty, staff, or administrators, and to access residence halls. Failure to surrender or provide the ID card when requested may result in disciplinary action. The identification must be surrendered if a student withdraws from the University in order for that action to be processed.

INSTANT COMMUNICATION RELATED TO EMERGENCIES

E2 Campus is Husson University’s premiere emergency notification system. In the event of an emergency, school closing, or other circumstances, you are sent an “Eagle Alert” by text message and/or e-mail alert notifying you of the nature of the situation or closing and if any action is needed. Your phone number and Husson email address from your CAMS record will automatically be added to the notification system. *Please note that an “Eagle Alert” will be used along with our cancelations notifications system, and will be used only for campus closings, not individual class or event cancellations. An “Eagle Alert” will be issued to convey campus emergency information.*

If you need to update your contact information, or would like to Opt-Out from receiving these notifications, simply fill out the Student Address Change Information Form (with the changes requested) submit to the Registrar’s Office, your request will be completed and you will get a confirmation when it is complete.

The “Eagle Safe” mobile safety App provides easy access to all the service available at the University and is another way to receive emergency communications.

For questions regarding the content of the Alerts, please contact the Department of Safety & Security at SECURITY@husson.edu, at 207.941.7911.

NON-DISCRIMINATION POLICY

Husson University is committed to maintaining an environment that is free from unlawful harassment and discrimination of all kinds and prohibits discrimination against or harassment of any individual or group on the basis of race, color, sex, sexual orientation, gender identity and/or expression, religion, ancestry or national origin, age, physical or mental disability, citizenship, veteran status, or any other applicable legally protected status in matters of admissions, employment, housing, or services in the educational programs or activities it operates. Consistent with this commitment, as well as federal and state laws, Husson University does not tolerate unlawful discrimination or harassment in any form.

Inquiries regarding Husson University's policies and procedures may be referred to the Executive Director of Human Resources, Janet Kelle, at kellej@husson.edu, or (207) 941-7131.

Title IX of the Education Amendments of 1972 protects people from sex discrimination in educational programs and activities at institutions, like Husson University, that receive federal financial assistance. Questions regarding Title IX may be referred to the university's Title IX Coordinator, David Casavant, at casavantd@husson.edu, or (207) 941-7132.

Location: 208 Peabody Hall *Phone:* 207.941.7890

The Office of the Chaplain is committed to addressing the spiritual needs of all members of the Husson community (students, administration, faculty and staff). Its mission is to foster an understanding and appreciation for the diverse religious and spiritual life on the university campus. In addition to sponsoring programs and events that encourage learning about various religious traditions and spiritual practices, the Office of the Chaplain also provides services for the University community such as student organizational support and pastoral care.

Whether you're devoutly religious, skeptical of faith, or looking for ways to serve others, there's a place for you in the Husson community. We're here to provide opportunities for you to get involved in spiritual life on campus through worship services, film series, studies, conversations, and service opportunities. It's normal for students have questions about who they're becoming and the Office of the Chaplain is here to help you form answers to those questions.

What is the ministry of the Office of the Chaplain at Husson University?

The Office of the Chaplain at Husson University is committed to the ministry of presence and availability. The main purpose of the Chaplain is to listen, care and respond appropriately to a student's needs. Activities include performing liturgies; praying with students, faculty or staff; conducting services, offering bereavement counseling, and providing general ministry, advocacy, crisis intervention, community service, cultural activities and multi-faith programming. Although broad in scope our services center on the intellectual, personal, social, interpersonal and spiritual dimensions of life as we assist members of our community in personal awareness and understanding. In short, the Office of the Chaplain acts as a faith presence that accompanies each person on the journey through life at Husson.

What is the mission of the Office of the Chaplain at Husson?

The Office of the Chaplain is committed to addressing the spiritual needs of all members of the Husson Community. Its mission is to foster an understanding and appreciation for the diverse religious and spiritual life on the college campus. This is accomplished by sponsoring programs and events that encourage learning about various religious traditions and spiritual practices, offering noontime chapel experiences in Leonard Chapel, collaborating with the greater Bangor religious community to connect students with local faith communities, and sponsoring retreats, concerts and off-campus learning experiences.

What opportunities are there for students to explore and grow in their faith while at Husson University?

College life can be hectic and demanding with classes to attend, projects to complete and the never-ending deadlines for submitting class papers. In the midst of all this activity, many people can often become overburdened with the concerns of the day. The Office of the Chaplain offers time in the day to meet in the Chapel together to worship, question, discuss, learn and let go of daily stress.

Several services and opportunities for discussion are held during the week:

- Contemporary Christian Worship Service
- CONNECTIONS: *The texts speak to today*
- CRU (Campus Crusade for Christ) Worship Service
- Reign: A Catholic student group
- Special Topics
- Bible Study

These will all take place in the chapel this year - Times and Days to be announced.

What other activities does the Office of the Chaplain support?

The Office of the Chaplain espouses the values of service, social justice and diversity as ways to grow spiritually and supports any student organization or campus activity that promotes these values.

Where is the Chaplain located?

The Chaplain is located in room 208B Peabody Hall and available Monday through Friday from 9 am to 5 pm.

What direct services does the Chaplain provide?

The Chaplain is available to serve the pastoral and spiritual needs of students, faculty and staff on-campus. Both students and employees have sought counseling for family, relationship, health, moral behavior, financial issues, stress management, vocational discernment, spiritual formation, crisis, grief and emotional support. Conversations with the Chaplain are confidential and done with compassionate listening in a supporting and encouraging environment. However if there is a clinical need the student or employee will be referred to the appropriate clinician.

Is the Chaplain a clergy person?

Our current Chaplain, the Reverend Sarah L. Pringle-Lewis holds a Master of Divinity and is ordained in the United Church of Christ. Our part-time pastoral assistant, the Reverend David Gardiner holds a Master of Divinity and is ordained in the National Association of Congregational Christian Churches.

Where is the Chapel?

The Chapel is located on the ground floor of Peabody Hall right off the Campus Center in room 108.

When is the Chapel open?

The Chapel is open for any member of the Husson community for personal reflection, meditation and or prayer from 6:00 a.m. to 11:00 p.m. seven days a week.

COMMUNITY & STUDENT ENGAGEMENT

The Office of Community & Student Engagement provides leadership in the development and implementation of co-curricular service-learning/community-based learning opportunities, volunteer service, community partner capacity building and advocacy. This position is responsible for the development of student leadership opportunities through community-university engagement. In addition, the office seeks to inspire, motivate and support students, staff, and faculty in their efforts within community engagement education to prepare for effective citizenship.

Commuter Student Services

Programming for commuter students is an important part of the mission of the Office of Student Life. Our signature commuter program is the Commuter Assistants Program. Each semester, all new incoming commuter students are assigned a CA, or Commuter Assistant, who knows the campus well, excels academically and is active in the campus community. The CA's contact the new students before they arrive on campus. They strive to be a resource and to assist commuters with the transition to the University by encouraging participation in events, clubs and organizations, and ensuring that all new commuters are aware of all systems that are in place to help ensure student success.

Commuter students are represented on the Student Senate Executive Committee by a Vice President for Commuter Affairs. This student, along with the Student Life Office, works through social media and other efforts, to advertise events on the campus and represent the needs of all commuters.

Volunteerism, Community and Student Engagement

Community and student engagement, in the form of volunteer service, is a graduation requirement for all Husson students. The Office of Student Life works to promote volunteerism and to serve as a liaison between students and community service agencies. Though much volunteering is done through academic majors and clubs and organizations, the Student Life staff manages a directory of agencies where students, faculty and staff, can research opportunities to give back to the community.

UNIVERSITY POLICIES & PROCEDURES

INTRODUCTION TO UNIVERSITY POLICIES

Each institution establishes rules and regulations to ensure that students' individual rights are respected within the community. Such policies also serve to inform students of their responsibilities.

Please read the following policy statements carefully. They will be applied consistently throughout the academic year for residential and commuter students who are enrolled at Husson University.

In addition, all students present at the time of a violation will be held responsible for the infraction. All residents of a room or suite or townhouse in which such violations occur may be subject to the full range of disciplinary actions, even if they were not present at the time of the incident. As a result, resident students are particularly advised to give careful attention to anyone who has access to their rooms or suites. Any student who feels jeopardized by the actions of his/her roommate(s) should seek assistance from the Residence Life staff so that the problems may be avoided.

Questions concerning campus policies should be raised at the Office of Student Life.

DRUG-FREE SCHOOLS & COMMUNITY ACT

Husson University, in compliance with the *Drug-Free Campus Regulations & Community Act*, and has adopted the policies to address the presence of alcohol and the use of drugs and/or other illegal substances. The misuse and abuse of alcohol and drugs in whatever form is inconsistent with this fundamental commitment of the University to provide said education. The University encourages and supports students who abstain from the use of alcoholic beverages. It also acknowledges that we live within a social environment which establishes in law, a minimum age for the use of alcohol (21). The University does, however, permit the use of alcohol on campus in a manner consistent with the law. The University does not allow the use of alcohol to lead to disruptive behavior or conduct which infringes upon the rights of those who wish to pursue their academic interests as responsible members of the community. The University follows Federal Government guidelines that maintains that marijuana is a controlled substances and thus the use or possession of marijuana or any other controlled substance is against Husson University Policy.

Husson University has policy for underage drinking and encourages those of legal age who choose to drink to drink responsibly. To foster these objectives, Husson supports and may offer the following: alcohol education programs, counseling, social norms campaigns, substance-free housing, individual interventions, parental notification policies, and disciplinary procedures for alcohol-related violations to protect the health and safety of all students. Therefore, students will be in violation of the *Student Conduct Code* and/or *Residential Policies & Procedures* if found drinking alcohol, in the same room as alcohol, transporting/transferring alcohol, being intoxicated, and/or participating in any activity involving alcohol.

Persons 21 years of age or older:

A student who is 21 or older may responsibly possess and consume alcohol in designated areas only. They may not possess, consume, or provide alcohol while in the company of those under the age of 21. Being in the same room with alcohol and a person under the age of 21, whether the alcohol is being consumed or not, is still considered providing to a minor. This is against state law and is a violation of the *Student Conduct Code* and/or *Residential Life Policies & Procedures*.

All persons present or residing in a residential room, suite, townhouse, or other University owned, operated, or managed facility must be over the age of 21 for alcohol to be present and/or consumed. Those rooms, suites, or other facilities not meeting this criteria are deemed "dry" and alcohol is not permitted.

When consuming or in the presence of alcohol, a government issued photo ID is required that certifies that you are at least 21 years of age. This identification must be produced upon request by a Husson University official or a law enforcement officer.

GENERAL ALCOHOL POLICY

Psychoactive substances such as alcohol, cannabis, opioids, hallucinogenics, stimulants, and depressants can affect all vital organs, including the brain, heart and lungs, liver and digestive organs. These effects may not be felt immediately, however a person using the substances may develop serious chronic health problems with continued use. Alcohol and drug abuse can interfere with a person’s ability to acquire and recall knowledge. Learning, language use and emotional stability may also be affected. ADA/504 ACCESSIBILITY GRIEVANCE PROCEDURE

The mission of Accessibility Services at Husson is to foster a culture of inclusion and access by providing students experiencing disabling conditions necessary services and reasonable accommodations needed to achieve equal access through academics, campus services, and programming. The purpose of the grievance procedure is to provide students with an avenue to achieve a fair and prompt resolution of complaints regarding discrimination on the basis of disability.

Students with a grievance pertaining to a specific accommodation request, or who feel they have been discriminated against on the basis of disability should make direct contact with the Director of Accessibility Services by scheduling a meeting through the Center for Student Success, located in 208 Peabody. The Director will engage with the student through an interactive process in order to understand the basis for the complaint and work toward a solution. If the outcome of meeting with the Director is not satisfactory, students may seek review by the Dean of Student Success by following the process outlined below:

1. Provide a clear written statement of the issue, and a summary of what steps have already been taken by the student and others to resolve the issue. Include a detailed description of the relevant facts, including the student's disability, and the basis for the grievance. Include specific names of individuals involved and dates of the relevant events. Include the name and contact information of the student initiating the complaint.
2. Send the written statement to Matthew Holsapple, Dean of Student Success, 208 Peabody Hall, 1 College Circle, Bangor, ME 04401; or electronically at holsapblem@husson.edu.

In response to a written statement, the Dean of Student Success or the Accessibility Services Director may schedule a meeting with the student to gain a full understanding of the situation. The Dean or Director may determine that fact-finding is necessary. After this investigation process is completed the Dean or Director will meet again with the student to offer recommendations with the goal of a resolution. It is anticipated that this process will take no longer than 60 days to complete, however, circumstances may arise that require additional time.

Students should understand that Husson will aim to maintain the confidentiality of information shared regarding a disability-related complaint. However, disclosures may be needed for the purpose of fact-finding in efforts toward a resolution.

Students are encouraged to follow the outlined process above when resolving disability-related grievances, however, all students have a right to file a complaint directly with the U.S. Department of Education, Office of Civil Rights (OCR). Information on filing an OCR complaint can be found at <http://www.ed.gov/ocr>.

CAMPUS PARKING & TRAFFIC RULES & REGULATIONS

All Husson University students are permitted to have motor vehicles on campus, provided they observe the University’s motor vehicle parking and traffic rules and regulations. Husson University no longer charges a separate fee for parking and no longer requires a decal. Students who wish to bring a vehicle on campus must simply register the vehicle with Safety & Security at the following web link: <https://www.husson.edu/vehicle-registration>. Failing to register your vehicle is a violation of our parking rules. Knowing who a vehicle belongs to helps us to maintain order and assists in locating an owner during snow removal efforts, which saves you money in fines and tow bills.

Vehicles on University property are operated and parked at the owner’s risk. Husson University assumes no responsibility for loss or damage to any vehicle or to personal property on campus. To be permitted on campus, vehicles must be operable and must be legal to operate according to the state and local laws and campus motor vehicle regulations. Vehicles cannot be loaned to anyone considered to be ineligible to operate a vehicle either by the State or by the University. If a vehicle is loaned, both the owner and operator may be accountable for any violations.

It is the responsibility of any individual who operates a motor vehicle on campus property to be familiar with the parking/traffic rules and regulations and abide by them at all times.

There are a limited amount of parking spaces available creating a need for organized parking. There are eight basic rules to follow to avoid getting ticketed:

1. Do not park in a Handicapped or Admissions Parking. In addition to a ticket your vehicle may be towed. Handicap parkers must display valid handicap placard or plate while utilizing handicapped parking space.
2. Do not park in a Fire Lane.
3. Park only in **paved parking spaces**. Do not park on lawn or mud.
4. Observe the 20 mph speed limit on College Circle and the 15 mph speed limit near the residence halls.
5. Do not park in **No Parking Zones** or on the **diagonal hash marks**.
6. If a visitor vehicle is on Campus more than 2 hours, a temporary pass is required.
7. Vehicles may not be parked in the lots posted NO OVERNIGHT PARKING between 11:30 pm and 5:30 am.

Violations of the parking rules and regulations may result in vehicles being removed at the owner’s expense. Observing these simple rules will help create a safe and orderly campus.

CLASSROOM USE POLICY

Husson University strives to support the educational goals of all students. One way Husson supports students is by making select classrooms and other teaching spaces available for student usage when not being utilized by instructors. Room reservations must be made with the appropriate University staff member to ensure scheduling conflicts do not occur. Room books can be made at the Welcome Center. Specific room reservations, as well as the general use study rooms, are governed by the following parameters:

- Classroom-installed technology is available for academic use only (audiovisual equipment)
- All technology must be left in the exact condition in which it was found.
- Installation, modification or deletion of software is not allowed.
- Appropriate technology usage is outlined in and governed by the University's *Digital Environment Policy* posted on Husson's website.
- Certain facilities, such as the Libra Lecture Hall, the Menucci Lecture Hall and Peabody 228, require additional permission to reserve. Users of these rooms are required to have a full-time university employee present in the room at all times during an event to ensure full safeguarding of the high-tech classroom equipment (e.g., club advisors, event sponsors, and faculty or staff booking a special event in the lecture hall). Assurance of this faculty/staff member presence must be secured prior to booking the Libra Lecture Hall, the Menucci Lecture Hall and Peabody 228.
- All furniture must remain in the room.
- Only "dry erase" markers only are permitted on the white boards. All white boards and black boards should be wiped clean at the completion of session.
- Adjustment of temperature controls is not permitted.
- Students must abide by all fire safety policies.
- If food or beverages are consumed, tables must be wiped clean and all food, bottles/cans, and trash must be placed in appropriate receptacles at the completion of the session.
- All furniture must be set back to its original imprint at the completion of session (e.g. tables returned to forward-facing orientation and all chairs pushed in facing the front of the classroom).
- Windows must be closed and secured at the completion of the session.
- Lights should be turned off when leaving the room.
- Noise levels must be kept low to maintain an environment conducive to academics.
- Common courtesy rules must be observed, including using University resources in a responsible manner and having respectful interactions with others utilizing the space.
- Classroom space for studying has been designated and shall not be reserved for blocks greater than 2 hours.

Failure to adhere to these guidelines could result in limitations of classroom usage, and/or a requirement to compensate the University for misuse or damage of the classroom.

Tampering with fire extinguishers, fire safety equipment, smoke detectors, or other safety equipment is prohibited. Students found to be responsible for violating this *Policy* shall be held accountable under the *Student Conduct Code* or any applicable civil violations.

Freedom of Expression, Right to Assemble, Right to Demonstrate

The First Amendment to the United States Constitution reads, “Congress shall make no law ... abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble”

Husson University supports all students’ rights and freedoms to express themselves, assemble, and demonstrate as afforded by the First Amendment. The University’s core values are Character and Humility, and these two values are important in considering acceptable forms of demonstration. Students are encouraged to have the character required to challenge ideas appropriately, and the humility to listen to others’ points of view.

With this understanding, the University permits demonstrations by students on university premises that do not interfere with the educational or administrative processes of the University, and do not endanger the safety or wellbeing of the University community and its members. Such demonstrations must maintain order and not infringe upon the rights of others to present counterpoints. Any demonstration that interferes with the educational or administrative operations of the University, or endangers any part of the University community or its members are prohibited. As such, students who participate in prohibited demonstrations may be held accountable via the Student Conduct Code.

Planned Demonstrations

Planned demonstrations may include, but are not limited to, marches, speakers, and vigils. All planned demonstrations must work with the Office of Student Life, Safety & Security, and/or the University Hospitality Manager to ensure the **event complies with all University, city, state and federal regulations**. **By working with these** offices, demonstrations are more likely to be effective and remain peaceful. If the appropriate offices determine the planned demonstration may interfere with the educational or administrative processes of the University and/or may endanger the safety or wellbeing of the University community and its members, the University reserves the right to cancel, postpone and/or disband the demonstration.

Knowing planned demonstrations often invite groups to present counter-points, the University reserves the right to designate specific locations for demonstrations and counter-demonstrations.

Spontaneous Demonstrations

There are events that may result in spontaneous demonstrations. These events may be celebratory, such as sports results, or upsetting, such as a tragedy. Due to the lack of planning, spontaneous demonstrations are inherently more likely to result in unsafe conditions that could interfere with the educational or administrative processes of the University and endanger the University community. As such, spontaneous demonstrations may be disbanded.

All spontaneous demonstrations must occur at the campus Bell Tower. Spontaneous demonstrations inside of campus buildings are strictly prohibited.

Non-Husson University Demonstrators

Husson University may exercise its right as a private institution to limit who can and cannot be on campus by requiring any demonstration attendee who is not a Husson University student, staff or faculty member to leave campus.

*For the purpose of this policy, the term demonstration is all-encompassing of the terms rally, march, protest, assembly, etc. The term demonstration also encompasses demonstrations and counter-demonstrations.

The express or implied consent of the victim is not a defense. The apathy or acquiescence of these students does not exempt them from responsibility. Anyone with knowledge of these acts may be held responsible.

By law, hazing activities are defined as:

Such activities may include but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue; physical and psychological shocks; quest, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside the confines of a building; wearing of public apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institutional.

Health Insurance

Husson University requires all students full time, undergraduate and graduate - to provide documentation of viable health insurance which will provide the student with health insurance coverage in the State of Maine.

If you live outside of the State of Maine, be sure to check with your insurance provider to ensure that your insurance covers you (the student) outside of your home state or country and that your health insurance covers out of network providers. If your health insurance does not cover you in the State of Maine and it does not cover out of network providers, you may want to purchase the Husson University student health insurance plan.

The fall 2021 student health insurance premium for this plan will be charged directly to your student account unless you waive the insurance by completing a waiver form. In order to waive this insurance you must complete the online waiver through your student portal at <https://estudent.husson.edu/login.asp> where you will have to provide proof of viable health insurance coverage in order to waive this insurance.

Husson University cannot remove the charges for this insurance from your student account once we send the premiums to our student health insurance carrier. The waiver for Fall 2021, must be completed by September 10, 2021.

Accident Insurance

Husson University is pleased to provide Accident Insurance to our full and part-time students for 2021-2022. The accident policy provides reimbursement for eligible medical expenses resulting from a covered accident(s) which occur during the policy period of 8/1/2021-7/31/2022. The policy is secondary insurance, which means it fills deductibles, copay, and coinsurance for a primary insurance policy.

Eligible medical expenses must be incurred within two years of the date of the accident; with the first eligible expense incurred within 180 days of the accident.

To file a claim you will need an explanation of benefits from your primary insurance carrier, receipts from a pharmacy, and a claim form signed by a University official. Points of contact for this form and additional policy information are the student life office or athletic training.

Each student shall be responsible for his/her conduct at all times. This *Policy* shall apply to all covered student conduct, even if the student withdraws from school while a disciplinary matter is pending.

2. Relationship between University Proceedings and Legal Proceedings

University disciplinary proceedings are independent from any federal, state, and local legal proceedings. Therefore, University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates this *Student Conduct Code* as well as federal, state, or local law, without regard to the pendency of civil or criminal proceedings. University disciplinary proceedings under this *Student Conduct Code* may be carried out prior to, simultaneously with, or following civil or criminal proceedings at the discretion of the Code Administrator. Determination(s) made or sanction(s) imposed under this *Student Conduct Code* shall not be subject to change because criminal charges arising out of the same facts giving rise to violation(s) of this *Student Conduct Code* were dismissed, reduced, or resolved in favor of or against the Respondent.

When a student is charged by federal, state or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the legal violation is also being processed under this *Student Conduct Code*, the University may advise off campus authorities of the existence of this *Student Conduct Code* and how such matters are typically handled within the University community. The University will cooperate with law enforcement and other agencies in the enforcement of criminal law on campus, including any conditions imposed by criminal courts for the rehabilitation of students found to have violated federal, state, or local law (*provided that the conditions do not conflict with University rules or sanctions*). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Article V. **Complaints**

The Office of the Dean of Student Life is responsible for the administration and enforcement of this *Student Conduct Code* and the Dean of Student Life shall appoint a Code Administrator to perform the duties set out herein. Any member of the University community may make a written or verbal Complaint with the Office of the Dean of Student Life that a violation of this *Policy* has, or may have, occurred.

If after making a Complaint, the Complainant does not wish to pursue resolution, requests that no action be taken, or elects not to participate in the process, such request shall be in writing and include a waiver of investigation and resolution. Husson University may still have to respond to the reported violation of this *Policy*.

If the Complainant would like to pursue resolution, but requests that the Complaint remain confidential, or that his or her name or other identifiable information not be disclosed to the Respondent, the Code Administrator will inform the Complainant that the University's ability to respond may be limited and that the University prohibits retaliation. The University will evaluate the Complainant's request(s) to remain anonymous, or that no action be taken, in the context of the University's commitment to provide a safe environment for all students. In order to make such an evaluation, the Code Administrator may conduct a preliminary investigation into the Complaint and may weigh the Complainant's request(s) against the following factors: the seriousness of the alleged misconduct; the Complainant's age; whether there have been other Complaints of *Student Conduct Code* violations against the same Respondent; and the Respondent's right to receive information about the allegation if the information is maintained by the University as an "education record" under *FERPA*.

The Code Administrator will inform the Complainant if the University elects to move forward with an investigation against the Respondent. If circumstances specific to the Complaint may, in the judgment of the Code Administrator, prevent the University from ensuring confidentiality and/or anonymity, the Code Administrator will explain those circumstances and the possible confidentiality concerns to the Complainant. In all cases the University reserves the authority to undertake an investigation, impose interim measures, and impose appropriate sanctions in its sole discretion.

Article VI. Investigation of Alleged Violations

The Code Administrator will review Complaints of alleged violations of this *Student Conduct Code* or *Residential Policies & Procedures*. If an allegation of sexual harassment or misconduct is made under this *Student Conduct Code*, the allegation will be referred to the University's Title IX Coordinator who will determine whether the matter should be addressed by the University's Title IX *Sexual Harassment Policy* and proceed accordingly. The University is not precluded from taking action under this Code if events associated with the allegations of sexual harassment or misconduct would not constitute a violation of the University's Title IX *Sexual Harassment Policy*. In all other cases, if after an initial review of the Complaint, the Code Administrator determines that the Complaint is meritless, the Code Administrator will inform the Complainant that the alleged conduct does not constitute a violation of this *Student Conduct Code* and no further action will be taken. If, however, the Code Administrator determines that the complaint has merit, the Code Administrator will decide whether the Code Administrator, Conduct Officer or an Investigator shall conduct the investigation.

Except as provided below, The Code Administrator:

1. shall assign an investigator to conduct an investigation if:
 - a. The alleged violation(s) may result in a suspension or expulsion; or the alleged violations(s) are made against a recognized University organization (e.g. Team, club, fraternity); or for any other reasons, as determined by the Code Administrator, in his or her sole discretion.
2. shall assign an investigator to conduct an investigation and provide for a live hearing if:
 - a. The alleged violation is sexual misconduct, as defined within the University's Title IX *Sexual Harassment Policy*, but cannot be addressed under Title IX.

In all other cases, the Code Administrator, or Conduct Officer, shall conduct the conduct conference or investigation.

Upon deciding that the Complaint has merit and necessitates an investigation, and whether the Code Administrator or an appointed Investigator will conduct the investigation, the Code Administrator shall send a Notice of Complaint to the Respondent, to be delivered by email. The Code Administrator will simultaneously cause a copy of the Notice of Complaint to be delivered to the Complainant, as appropriate.

The Notice of Complaint shall set forth the alleged violation(s) at the time of notification, the date of the investigation, who will be conducting the investigation, and explain that the Respondent is permitted to have an advisor [advisor must be an employee or student of Husson University not involved in the alleged violation(s)] of his or her choice present during all phases of the investigation but that for *Student Conduct Code* purposes, advisors shall not be attorneys, are not permitted to speak or to participate directly in the investigation, and are not permitted to advocate on the Respondent's behalf.

The investigation will involve interviews of the Complainant, Respondent and may involve interviews with other witnesses, the collection of documents or other physical/electronic information. Individuals who are interviewed during the investigation will be advised that the matter is confidential and that retaliation is prohibited by this *Policy*.

The Complainant and Respondent may both provide information and suggestions to the Investigator during the investigation, but the Investigator has independent authority to exercise judgment in determining how to conduct the investigation. While neither the Complainant nor Respondent are specifically prohibited from contacting others who may be involved with the investigation, any attempt to hinder the investigation or otherwise tamper with evidence or witnesses will be dealt with sternly and may be a violation of this or other policies.

If during the course of the investigation, additional violations of the Student Conduct Code are found, the Investigator shall inform the Respondent of such and include these amended violations within the investigation report.

At the conclusion of investigations performed by the Investigator, the Investigator will prepare a written report detailing the information that was collected. The report will include: summaries of interviews with the Complainant, the Respondent, third-party witnesses, and any expert witnesses; summaries of any photographic, electronic and forensic evidence; and a detailed written analysis of the event(s) in question. The report shall be made available, concurrently, to the Code Administrator, the Dean of Student Life, the Complainant and the Respondent. If either the Complainant or

the Respondent believes that the Investigator has inaccurately reported a statement, he or she should immediately request that the Investigator seek clarification from that witness within three (3) business days.

Article VII. Determination

Once the Code Administrator, Conduct Officer, or the Investigator has completed his or her investigation, a determination will be made by a preponderance of the evidence (*more likely than not*). As discussed in more detail below, if the Code Administrator or Conduct Officer determines that the Respondent violated this *Student Conduct Code* or *Residential Policies & Procedures*, the Code Administrator or Conduct Officer will impose appropriate sanctions. The Code Administrator's or Conduct Officer's determination and imposition of sanctions, if any, shall be delivered to the Complainant and Respondent on the same day via email.

In most cases, the Code Administrator's decision will be issued within approximately 60 days of the date of the Complaint; however, some investigations may necessarily be longer than others.

Article VIII. Sanctions

The University may impose a range of sanctions and protective measures following a final determination of a violation of this *Policy*. The sanctioning decision will be informed by the degree to which the behavior was intentional, irresponsible, or without knowledge.

Factors pertinent to the determination of what sanction applies include, but are not limited to, the nature of the conduct at issue, prior disciplinary sanctions of the Respondent (available to the Code Administrator only upon finding a violation), Respondent's willingness to accept responsibility for his/her actions and previous University response to similar conduct.

The broad range of sanctions includes: permanent expulsion; suspension for an identified time frame or until satisfaction of certain conditions, or both; temporary or permanent separation of the parties, including changes in academic schedules, reassignment of residence, and no contact orders, with additional sanctions for violating orders; written warning; educational programs; volunteering or community service requirements; loss of University privileges; restitution; delays in obtaining administrative services and benefits from the University (e.g. only: holding transcripts, delaying registration, graduation, diplomas); and any other discretionary sanctions that are directly related to the violation or conduct and addressing its effects.

Article IX. Appellate Review Procedures

The Respondent shall have the right to appeal the decision of the Code Administrator. Appeals must be submitted in writing to the Dean of Student Life within five (5) business days from the day the decision is delivered to the parties. Within five (5) business days of receiving an appeal, the Dean of Student Life will appoint an Appellate Review Panel consisting of three (3) members from a pool of trained faculty and staff.

The Appellate Review Panel will limit its review of the Code Administrator's decision to the record, including the investigator's report, supporting documents or other evidence, and any statement by the Complainant, the Respondent, and/or Code Administrator regarding any issue raised in the appeal. In order for an appeal to be granted, the appeal must demonstrate at least one of the following:

- i. procedural error(s) that may have prejudiced the Code Administrator; or
- ii. evidence unavailable at the original proceeding, which would likely have affected the decision.

If the Panel grants the appeal, it shall direct the Code Administrator to reconsider the case with appropriate corrections or appoint a designee to hear the case, either of which could eliminate, reduce or increase the sanction. If no appeal is granted, all decisions shall be considered final and binding on all parties.

If the Appellate Panel grants an appeal, all decisions there-in-after shall be considered final and binding on all parties.

Article X. Interim Measures

During the investigation and until allegations are resolved, the Dean of Student Life or Code Administrator, may issue interim restrictions, including, but not limited to the following: no-contact or stay away orders between the Complainant and the Respondent; interim suspension; temporary exclusion from areas of campus; removal from or relocation to another residence hall; changes in academic/course schedules; or limiting participation in certain events, gatherings, or

activities, among other measures. Interim measures should not be construed to suggest that any decision has been made about the merits of the case. Accommodations may be provided to individuals involved, regardless of whether formal proceedings are instituted, including academic/course schedule changes; housing reassignments; safety escorts; safety/crime prevention briefings; and other protective or safety measures. Interim restrictions and accommodations are considered and implemented on a case-by-case basis by the Dean of Student Life or Code Administrator.

Article XI. **Acceptance of Responsibility**

At any point after a Complaint has been filed, the Respondent may accept responsibility for violation(s) of this *Student Conduct Code* or *Residential Policies & Procedures*. Even with assumption of responsibility, in cases of separation or expulsion, an investigation shall be conducted. If a Respondent accepts responsibility for having violated this *Student Conduct Code*, the Code Administrator will determine the appropriate sanction within ten (10) business days and send written notification of the sanction imposed or accepts responsibility for having violated *Residential Policies & Procedures*, the Conduct Officer will determine appropriate sanctions and send written notification of the sanction imposed.

Acceptance of responsibility is for all alleged violation(s) within a Complaint; alleged violation(s) are acted upon as a whole and not individually.

The appeal process does not apply when a Complainant assumes responsibility for his/her violation(s) of this *Student Conduct Code* or violation(s) of *Residential Policies & Procedures*.

Husson University reserves the right to amend this policy to better align with or to respond to changes in federal, state, or local laws, regulations, or University policies and procedures. Concerns or questions regarding this policy may be directed to:

Individuals are encouraged to speak with the University’s Title IX Coordinator, David Casavant, by phone at 207-941-7132 or by email at casavantd@husson.edu if they are not sure which policy applies to a particular situation, if they wish to make a report or file a complaint of misconduct, or if they have any questions concerning possible sexual misconduct or related University processes, services or other supports.

In order for this policy to apply, the alleged Sexual Harassment must have occurred on Husson University property, or at a University-sanctioned event or program taking place off campus within the United States in which the University has substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

individual who may have committed a violation of this policy. Only the Confidential Resources listed in Section III.C. above are exempted from this reporting requirement.

Students should be aware that if they discuss an alleged violation of this policy (or other incident of sexual misconduct) with an employee of the University, who is not a confidential resource, that individual will be obligated to report the information to the Title IX Coordinator. If a University officer, faculty or staff member believes that a student is about to disclose a possible violation of this policy, the employee should inform the student that the employee is not a confidential resource and is required to report information about possible sexual misconduct the student discloses to the employee. Students should be aware, however, that even if a University officer, faculty or staff member is required to make a report to the Title IX Coordinator, the student still has the discretion whether or not to file a formal complaint and pursue resolution of the complaint through the Title IX policy or other University policies or procedures.

V. Definitions

A. General Terms

Advisor: An individual, from within or outside of the University, chosen by a party and who may be present in any meeting or proceeding under the grievance process in order to advise the party and participate in the live hearing, in accordance with the requirements stated below.

Complainant: An individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Consent: Words or actions that show a knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Consent is active, not passive, and is given by clear actions or words. Consent may not be inferred from silence, passivity, or lack of active resistance alone. Consent cannot be gained by force, by ignoring or acting in spite of the objections of another, or by taking advantage of the Incapacitation of another, where the Respondent knows or reasonably should have known of such Incapacitation. The use of alcohol or other drugs will never function to excuse behavior that violates this policy, and being intoxicated does not diminish one's responsibility to obtain consent.

A dating or sexual relationship is not sufficient to constitute consent, and consent to one form of sexual activity does not imply consent to other forms of sexual activity. In some situations, an individual may be deemed incapable of consenting to sexual activity because of circumstances or the behavior of another, or due to their age. Examples of such situations include, but are not limited to, incompetence, impairment from alcohol and/or other drugs, fear, unconsciousness, intimidation, coercion, confinement, isolation, or mental or physical impairment.

Decision-Maker(s): The individual(s) appointed by the Dean of Student Life or Chief Human Resource Officer to serve on the Title IX Review Panel.

Formal Complaint: A document filed by a complainant or signed by the Title IX Coordinator or Deputy Coordinator alleging Sexual Harassment against a Respondent and requesting that the University investigate the allegation of Sexual Harassment. A Formal Complaint must be made in writing to the Title IX Coordinator and triggers the University's Title IX Grievance Process under Section X below. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or be electronic mail using the contact information noted above.

Grievance Process: The Title IX Grievance Process is initiated through the filing of a Formal Complaint and is comprised of the procedures by which the Formal Complaint is investigated and resolved (See Section X).

Incapacitation: The physical and/or mental inability to make informed, rational judgments about whether to consent to sexual activity. Incapacitation can result from, among other things, sleep, blackouts, flashbacks, a temporary mental or physical health condition, involuntary physical restraint, or from intentional or unintentional consumption of alcohol and/or other drugs. Where alcohol or other drugs are involved, Incapacitation is determined by how the substance consumed impacts a person's decision-making capacity, awareness of consequences, and ability to make informed judgments. The perspective of a reasonable person will be the basis for determining whether one should have known about the impact of the use of alcohol and/or other drugs on another's ability give consent.

Parties: The parties are the Complainant(s) and Respondent(s) to a Formal Complaint.

Report: A communication of alleged Sexual Harassment that triggers the obligation of the Title IX Coordinator to discuss with, and provide to the alleged victim, appropriate Supportive Measures; and to explain the Formal Complaint (Grievance) process under this policy. Any individual may make a Report, whether the individual is the alleged victim or not. A Report is not the same as a Formal Complaint of Sexual Harassment, as defined above.

Respondent: An individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Sexual Misconduct: An umbrella term used by the University to encompass a full range of conduct of a sexual nature prohibited by the University that may or may not constitute *Sexual Harassment* under Title IX and this policy. Sexual misconduct that is not considered "*Sexual Harassment*" as defined under subsection B. below will be referred by the Title IX Coordinator to the cognizant University office or official(s) responsible for addressing such conduct.

Supportive Measures: Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the Respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Supportive Measures are discussed in more detail in Section VII. below.

Title IX Review Panel: A panel appointed by the appointed by the Dean of Student Life or Chief Human Resource Officer, consisting of one to three individuals, which will participate in the live hearing following the investigation of a Formal Complaint, make determinations of responsibility, and impose remedies, if warranted. Panels comprised of more than one member will have a designated Chairperson who will preside over the hearing, including making decisions on relevance of questions and evidence.

University: The term University refers to Husson University.

Witness: An individual who has information relevant to a Formal Complaint.

B. Conduct Prohibited under Title IX

The terms defined in this subsection constitute Sexual Harassment prohibited under Title IX when they occur within the context of the University's programs and activities. Sexual Harassment can be committed by any person regardless of gender, sexual orientation or gender identity; and can be committed using technology. For other conduct, including other forms of sexual misconduct, that does not meet one of the following definitions, please refer to other documents such as the Student Code of Conduct, the Employee Handbook, and the Faculty Handbook for information on how such conduct will be addressed by the University.

Sexual Harassment under Title IX means conduct on the basis of sex that includes:

1. *Quid Pro Quo Sexual Harassment by an Employee*: A University employee conditions an aid, benefit, or service of the University on the participation by a student, an employee, or another member of the University community in unwelcome sexual conduct.
2. *Hostile Environment Sexual Harassment*: Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a complainant equal access to the University's education program or activity.
3. *Sexual Assault*: An offense classified as a Forcible or Non-forcible Sex Offense under the uniform crime reporting system of the FBI, which includes:
 - a. *Forcible Sex Offenses*: Any sexual act directed against another person, without the Consent of the victim (including instances where the victim is in a state of Incapacitation) such as:
 - i. *Forcible rape (except statutory rape)*: Sexual intercourse with a person, forcibly and/or without that person's Consent or in instances where the victim is in a state of Incapacitation.
 - ii. *Forcible sodomy*: Oral or anal sexual intercourse with another person, forcibly and/or without that person's Consent or in instances where the victim is incapable of giving Consent because of their youth or because of Incapacitation.
 - iii. *Sexual assault with an object*: Use of an object or instrument to unlawfully penetrate, however, slightly, the genital or anal opening of the body of another person, forcibly and/or without that person's Consent or in instances where the person is incapable of giving Consent because of their youth or because of Incapacitation.
 - iv. *Forcible fondling*: The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or without that person's Consent or in instances where the person is incapable of giving Consent because of their youth or because of Incapacitation.
 - b. *Non-Forcible Sex Offenses*: include incest and statutory rape. "Statutory rape" in Maine is defined as a sexual act with another person who is not the actor's spouse and who is under the age of 14, or who is 14 or 15 and the actor is at least 5 years older than the other person.
4. *Dating Violence*: Crimes of violence committed by a person:
 - a. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - b. Where the existence of such a relationship shall be determined based on a consideration of the following factors: (a) length of relationship; (b) type of relationship; (c) the frequency of interaction between persons in the relationship.

5. *Domestic Violence*: Crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabiting with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of Maine, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family laws of Maine. In Maine, this includes the following crimes (more information is available at the noted legal citations):
 - a. *Domestic violence assault* (17-A M.R.S. § 207-A)
 - b. *Domestic violence criminal threatening* (17-A M.R.S. § 209-A)
 - c. *Domestic violence threatening* (17-A M.R.S. § 210-B)
 - d. *Domestic violence stalking* (17-A M.R.S. § 210-C)
 - e. *Domestic violence reckless conduct* (17-A M.R.S. § 211-A)
6. *Stalking*: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - a. Fear for their safety or the safety of others; or
 - b. Suffer severe emotional distress.

C. Retaliation

Neither Husson University nor any person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege under Title IX, or because the individual has made a Report or filed a Formal Complaint, testified, assisted, participated or refused to participate in any manner in an investigation, proceeding or hearing. Reports of retaliation should be made to the Title IX Coordinator and will be addressed the Student Code of Conduct, the Employee Handbook, or the Faculty Handbook as may be applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or as a report of formal complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX or this policy, constitutes retaliation. The identity of any individual who has made a report or complaint, provides information, is reported to have engaged in misconduct, or is named and/or participates in any proceeding under this policy shall be kept confidential, except as may be permitted under applicable confidentiality and privacy laws and regulations.

D. False Reports and Statements

False reports or making materially false statements in connection with this policy, to any University official or in the course of any University proceeding, is prohibited and will be addressed the Student Code of Conduct, the Employee Handbook, or the Faculty Handbook as may be applicable.

VI. Reports of Sexual Harassment

Any individual who is required to make a report, and others who wish to make a report of Sexual Harassment should contact the Title IX Coordinator listed below at any time. There is no time limit on making reports of Sexual Harassment. Reports are to be directed to:

David J. Casavant; Associate Provost and Title IX Coordinator; casavantd@husson.edu; 207-941-7132. Alternatively, reports can be made using the Eagle Safe app. Individuals making a report can select “Report a Tip” or “Support Resources”. “Report a Tip” allows for anonymous reporting. The “Support Resources” option provides another means by which to contact the Title IX Coordinator.

After a Report of Sexual Harassment is made, the Title IX Coordinator will meet with the Complainant if that individual is identified in the Report to discuss Supportive Measures that may be appropriate based on the circumstances of the matter (see Section VII. for a detailed discussion of Supportive Measures). The Title IX Coordinator will then implement any appropriate Supportive Measures. The provision of such measures will remain confidential, to the extent possible under the particular circumstances. In some situations, specific administrators, faculty, staff and/or students may be provided limited information in order for the University to effectively implement a Supportive Measure.

The Title IX Coordinator will explain the process for filing a Formal Complaint under Section IX. below, and the Grievance Process under Section X. The Complainant is under no obligation to file a Formal Complaint. If the Complainant chooses not to file a Formal Complaint, the Complainant may continue to receive appropriate Supportive Measures.

Confidential Resources for individuals who are not required to make a report to a Title IX Coordinator and are not ready to make a report are listed in Section III.C. As noted above, reports of Sexual Harassment may be made anonymously, although the University’s ability to respond and support the alleged victim may be limited if the Title IX Coordinator is unable to obtain further information following an anonymous report.

VII. Supportive Measures

Supportive Measures are individualized services provided to either party, without a fee or charge to the party. The measures are designed to restore or preserve equal access to the University’s education programs or activities, to protect the safety of parties or the University’s educational environment, or to deter sexual harassment.

Supportive Measures will be offered to the Complainant (alleged victim) following a Report of Sexual Harassment. Such measures may continue to be provided a Complainant, and may be modified based on the Complainant’s needs, when a Formal Complaint is filed, as well as during and after the conclusion of the Grievance Process under Section X. In addition, Supportive Measures will be offered to Respondents after a Formal Complaint is filed. Supportive Measures are not designed to be overly burdensome to either party and not disciplinary or punitive.

The following are examples of the types of Supportive Measures that may be provided, depending on the particular circumstances of the parties, the allegations, and other relevant factors as determined by the Title IX Coordinator.

- Restrictions on contact between the parties
- Modifications of work or class schedules
- Counseling,
- Extensions of deadlines or other course-related adjustments,
- Changes in work or housing locations
- Campus escort services
- Increased security and monitoring of certain areas of the campus
- Safety/crime prevention briefings
- Leaves of absence

- Other similar protective or safety measures

The provision of any Supportive Measures to the Complainant or Respondent must be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the University to provide the Supportive Measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

VIII. Other Misconduct

When addressing alleged misconduct under the Title IX Policy, the University's primary focus will be on addressing the alleged misconduct and not on other Husson University alcohol or other drug policy violations that may be discovered or disclosed. The University strongly encourages individuals to report alleged incidents of Sexual Harassment or other forms of sexual misconduct and seeks to remove any barriers to reporting. The University recognizes that an individual who is or was under the influence of alcohol or other drugs at the time of the incident may be hesitant to make a report because of potential Student Code of Conduct consequences for such behavior. An individual who reports Sexual Harassment or other sexual misconduct will generally not be subject to disciplinary action by the University for personal consumption of alcohol or other drugs at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk. Decisions regarding amnesty under this paragraph will be made by the Title IX Coordinator in conjunction with the Dean of Student Life in light of the circumstances of the particular situation. The Title IX Coordinator, Dean of Student Life or other appropriate University officials, however, may hold an educational discussion with, or recommend other educational or therapeutic remedies regarding alcohol or other drugs for, the reporting individual(s). Providing false claims so as to obtain amnesty is an abuse of process and will be met with stern sanctions.

The filing of a Report under this policy is independent of any criminal investigation or proceeding. Except in cases where it is determined that conducting proceedings might impede a criminal investigation or otherwise not be in the best interests of a law enforcement agency or a Reporting Party, the University will not wait for the conclusion of any criminal proceedings to commence its own investigation.

IX. Formal Complaints

A. Formal Complaint Filed by Complainant

An alleged victim of Sexual Harassment (i.e., the Complainant) may file a Formal Complaint of Sexual Harassment to the Title IX Coordinator. A Formal Complaint cannot be filed anonymously. The Formal Complaint may be a written document or through an electronic submission filed with the Title IX Coordinator, and must include the Complainant's physical or digital signature (or otherwise indicate that the Complainant is the one filing the Formal Complaint). The Formal Complaint must include: (1) Information about the alleged violation(s) – i.e., date, time, location, individual(s) who allegedly engaged in Sexual Harassment, a description of allegations (which need not be extensive); and (2) a request that the University investigate the allegation(s). Those filing a Formal Complaint should reach out to the Title IX Coordinator, David Casavant, by calling 207-941-7132, or emailing casavantd@husson.edu.

B. Formal Complaint Filed by Title IX Coordinator

In certain instances when the alleged victim chooses not to file a formal complaint, the Title IX Coordinator may determine that the specific circumstances warrant pursuing a Formal Complaint (e.g., when the Respondent has been found responsible for previous Sexual Harassment or there may be a threat to the safety of members of the University community) and thus, may file a Formal Complaint on behalf of the University. In such cases, the alleged victim will receive notice of the complaint, and will be notified of further information at various points in the grievance process, but the alleged victim is not a party to the Formal Complaint.

C. Consolidation of Formal Complaints

The Title IX Coordinator may consolidate multiple Formal Complaints where circumstances warrant. Such circumstances might include, but are not limited to, situations in which: a Complainant has filed a Formal Complaint of Sexual Harassment against more than one Respondent regarding the same incident; there are multiple complaints against a Respondent; or each of the parties file a Formal Complaint against the other party and arising out of the same facts or circumstances.

D. Dismissal of Formal Complaints

1. The Title IX Coordinator must dismiss a Formal Complaint if the alleged conduct:
 - a. Does not constitute Sexual Harassment defined under Section V. of this policy;
 - b. Did not occur within the scope of the University's education programs and activities; or
 - c. Did not occur in the United States.

2. The Title IX Coordinator may dismiss a Formal Complaint if:
 - a. The Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or withdraws particular allegations within the Formal Complaint;
 - b. The Respondent is no longer enrolled in or employed by the University; or
 - c. If there are specific circumstances that prevent the University from gathering evidence sufficient to reach a determination regarding the Formal Complaint or any allegations within the complaint.

The Title IX Coordinator will inform the parties in writing of any dismissal pursuant to this section and explain the reasons for the dismissal. Each party has the opportunity to appeal a dismissal in accordance with Section X. (Subsection I.) of this policy.

Additionally, even if a formal complaint is dismissed pursuant to this Section of the policy, any alleged misconduct that potentially violates another University policy may be addressed under the other policy and will be referred by the Title IX Coordinator to the cognizant University office or official(s) responsible for addressing such conduct.

X. Procedures for responding to Formal Complaints – the Title IX Grievance Process

A Formal Complaint initiates the Title IX Grievance Process implemented by the Title IX Coordinator. This section outlines the significant steps of this process. Additional detailed information about protocols for the conduct of the investigation, live hearing, or other aspects of the grievance process will be provided to the parties, as needed, in a timely fashion.

A. General Obligations of the University

Throughout the Grievance Process, the University will:

- Treat Complainants and Respondents equitably;
- Not presume a Respondent is responsible until and unless such a determination of responsibility is made following a hearing as set forth in subsection F. below;
- Objectively evaluate all relevant evidence;
- Ensure that any individuals involved in the grievance process (e.g., Title IX Coordinator, investigators, adjudicator) have appropriate training, and do not have a conflict of interest or bias for or against either party;
- Follow the reasonably prompt timelines specified in the grievance process and explain any reasons necessitating a delay;
- Provide all required notices of meetings and hearings;
- Provide opportunities for the parties to review and respond to relevant evidence, both favorable and unfavorable;
- Provide the parties with the opportunity to be accompanied to any meetings or hearings by an advisor of their choice;
- Provide the parties with the opportunity to present witnesses, as well as other evidence;
- Not restrict the parties from speaking about the case for their own emotional support or preparation;
- Assume the burden of gathering evidence and burden of proof (rather than such burdens resting with the parties); and
- Comply with all applicable confidentiality and privacy laws and regulations during the grievance process.

In general, the University will attempt to complete the grievance process within approximately 90 days of the date the Formal Complaint is filed. However, there may be circumstances when the process will take longer due to the absence of the parties or other individuals important to the process, difficulties in obtaining evidence, or other reasonable factors.

B. Notice to Parties and Initial Steps

The Title IX Coordinator will provide written notice of the Formal Complaint and allegations of Sexual Harassment potentially constituting prohibited conduct under this policy. The notice will include:

- Notice of the grievance process and the availability of an informal resolution process;
- Sufficient details regarding the allegations known at the time (including identities of parties, if known; the conduct alleged; and the date and location of the alleged incident, if known), with sufficient time to prepare before any initial interview (no less than five days).
- A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination as to whether the Respondent is responsible for prohibited conduct will be made at the conclusion of the grievance process;
- Notice that the parties may have an advisor of their choice, who may be an attorney; and that the parties may inspect and review evidence obtained during the investigation;
- Notice of provisions in an applicable code of conduct or policy that prohibits knowingly making false statements or submitting false information during the grievance process;
- Notice that the University, not either party, has the burden of proof; and
- Notice of the name of the investigator, with sufficient time (no less than five days) to raise concerns of conflict of interest or bias.

If, in the course of an investigation, additional allegations become known and the University decides to investigate the additional allegations, the University will provide written notice of the additional allegations to the parties whose identities are known. Following the filing of a Formal Complaint, the Title IX Coordinator will discuss Supportive Measures with each party and implement such measures as appropriate (see Section VII.).

C. *Informal Resolution Process*

After a Formal Complaint has been filed, and if the Title IX Coordinator believes an informal resolution may be appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process to resolve the complaint without completing the investigation, hearing, and determination process. Informal resolutions cannot be used to resolve a Formal Complaint where the Complainant is a student and the Respondent is an employee.

Informal resolutions can take many forms, depending on the particular circumstances of the dispute. Examples include, but are not limited to: facilitated discussions between the parties; restorative justice; acknowledgment of responsibility by a Respondent; apologies; sanctions against a Respondent or requirement to engage in specific services; or Supportive Measures. Both parties must voluntarily agree in writing to participate in the informal resolution process, and either party can withdraw from the process at any time.

In order to initiate an informal resolution, the Title IX Coordinator will provide written notice of the formal complaint and allegations of Sexual Harassment potentially constituting prohibited conduct under this policy. The notice will include the allegations, the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegation, and any consequences resulting from participating in the information resolution process, including the records that will be maintained or could be shared. At any time prior to agreeing to a resolution, either party has the right to withdraw from the informal resolution process and resume the grievance process.

The University must agree to the terms of any informal resolution reached between the parties. If an informal resolution agreement is reached, it must be signed by both parties and the University. Any such signed agreement is final and binding according to its terms. Any terms in an informal resolution that include involvement by the University must be approved by the Title IX Coordinator.

D. *Emergency Leave*

The University, in consultation with the Title IX Coordinator, may place a Respondent on emergency leave during the grievance process if there is a determination (following an individualized safety and risk analysis) that there is an immediate threat to the physical health or safety of a student or other individual arising from the allegations of Sexual Harassment. Examples of such circumstances might include, but are not limited to, a continued threat of violence against a Complainant by a Respondent, or a Respondent's threat of self-harm due to the allegations. The Respondent will be provided notice of the emergency leave, and will be provided an opportunity to challenge the decision following the removal (in a meeting or other opportunity to be heard; not a hearing). The Respondent has the burden to demonstrate why the emergency leave was unreasonable.

Any such decision to place a student or employee on emergency leave shall be made in compliance with any rights of the student or employee under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act.

E. Investigation

The Title IX Coordinator will appoint a trained, independent investigator to investigate the allegations in a Formal Complaint. The investigator will:

1. Meet with the parties after they have received appropriate notice of any meeting and its purpose, with sufficient time to prepare.
2. Allow the parties to have their advisor at all meetings or proceedings. The advisor may not make any statements or otherwise advocate on behalf of the party during any meeting or proceeding, except with regard to the live hearing, as described below.
3. Allow the parties to identify fact and expert witnesses, and submit inculpatory and exculpatory evidence.
4. Interview witnesses and conduct such other activities that will assist in ascertaining facts (site visits, review of documents, etc.).
5. Consider evidence that is relevant and directly related to the allegations in the Formal Complaint. During the course of the investigation, provide both parties and their advisors with an equal opportunity to inspect and review any evidence that is obtained as part of the investigation that is directly related to the allegations in the Formal Complaint, including evidence which the University does not intend to rely upon in reaching a determination of responsibility, and favorable and unfavorable evidence. The parties will be provided 10 days to submit a written response prior to completion of the investigation report.
6. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the hearing, send the report to the parties and advisors (if any) either in hard copy or electronically, for their review and written responses. At least five days prior to the hearing, the parties may provide a written response to the investigation report to the Title IX Coordinator for consideration at the hearing.
7. The investigative report and the parties' responses shall be forwarded to the Title IX Review Panel in advance of the hearing.
8. The University will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

F. Live Hearing

Following the issuance of the Investigative Report, the University shall provide for a live hearing conducted by a Title IX Review Panel [i.e., the Decision-maker(s)] that will consider the evidence, make determinations of responsibility, and impose remedies, including, if warranted, disciplinary sanctions. Panels comprised of more than one member will have a designated Chairperson who will preside over the hearing, and any other Panel members, and decide on relevance of questions and evidence during the hearing. The live hearing will typically be held within 15 days from the issuance of the investigation report.

Features of the live hearings include the following:

- At the request of either party, the parties will be in separate rooms with available technology to allow the parties and the Title IX Review Panel to see and hear the parties and witnesses answer questions.
- Both parties must have an advisor at the hearing. If a party does not have an advisor at this stage of the process, the University will appoint one for the party at no cost to the party.
- The Panel Chairperson will establish and generally enforce rules of decorum that the parties and advisors must follow.
- The Panel member(s) may ask questions of the parties, their advisors and any witnesses.
- The advisors (and not the parties) are permitted to conduct cross-examination of the other party and any witnesses, by asking relevant questions and follow-up questions, including those challenging credibility.

- All evidence from the investigation that was subject to the parties' inspection and review will be available at the hearing to give each party the opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.
- Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant unless offered to prove someone other than the Respondent committed the alleged conduct or concern specific incidents of the Complainant's prior sexual behavior with the Respondent and are offered to prove consent.
- The Panel member(s) will not draw an inference about the determination regarding responsibility based solely on the party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.
- The Panel may request input from the parties and the University concerning possible sanctions, either during the live hearing or after a finding that the Respondent is responsible for Sexual Harassment.
- The University's legal counsel is permitted to attend the hearing and to provide information or advice to the adjudicator if asked.
- A recording shall be made of the hearing, and made available to the parties for inspection and review.

G. Standard of Proof and Determination of Responsibility

The University uses a preponderance of the evidence standard ("more likely than not") in making determinations of responsibility, for both students and employees. Following the live hearing, the Title IX Review Panel shall make a final determination of responsibility and, if warranted, remedies. The Panel shall issue a written determination, which shall include the following:

- Identification of all the allegations potentially constituting Sexual Harassment as defined in this policy;
- A description of the procedural steps taken from receipt of the Formal Complaint through the determination, including notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding the application of this policy (prohibited conduct) to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the University imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the University's education programs and activities will be provided to the Complainant;
- The University's procedure and permissible bases for the Complainant and Respondent to appeal as described in subsection I. below.

The written determination shall be provided to the parties simultaneously. The determination concerning responsibility becomes final either on the date that the University provides the parties with the written determination of the results of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which the appeal would no longer be considered timely.

H. Remedies and Sanctions

Remedies are measures used to ensure that the Complainant has equal access to the University's education programs and activities following an adjudicator's determination. Such remedies may include one or more Supportive Measures described under Section VII., and may include other appropriate measures, depending upon the determination and the needs of the Complainant. The Title IX Coordinator is responsible for implementing remedies and providing any needed assistance to the parties regarding implementation.

The following are examples of the types of sanctions that may be imposed on a Student Respondent when there is a determination that the Student Respondent is responsible for one or more violations of this policy. Sanctioning decisions will be based on relevant factors, including but not limited to: the nature of the conduct at issue; any prior disciplinary sanctions imposed on the Respondent based on a previous finding of responsibility for misconduct; the Respondent's willingness to accept responsibility for their actions; and previous University responses to similar conduct.

Warning: A formal written statement that the student's behavior was unacceptable and a warning that future violations of University policies and rules will result in more severe action.

Probation: A formal statement that any future violations of University policies and rules will result in possible suspension or expulsion. Terms of the probation will be specified and may include denial of social privileges; exclusion from activities; housing restrictions/loss; referral to counseling or other supports; and/or other measures deemed appropriate.

Suspension: Termination of student status for a defined period, or for an indefinite period with the right to re-apply after a specific length of time. Suspension may include specific conditions for the student's return. A student returning from suspension remains on disciplinary probation for the remainder of the student's Husson career. Other restrictions may be imposed as deemed appropriate.

Expulsion: Permanent separation from the University.

Withholding Diploma: The University may withhold a student's diploma for a specified period of time and/or prohibit participation in commencement and activities associated with commencement if the student has disciplinary charges pending, or as a sanction if the student is found responsible for an alleged violation.

Revocation of Degree: In extraordinary circumstances, the University reserves the right to revoke a degree awarded by the University for Sexual Harassment committed by a student prior to graduation if a finding of responsibility is not concluded until after graduation or in other aggravating circumstances.

Other Actions: Such other action as the Title IX Review Panel may reasonably deem appropriate. Examples include, but are not limited to:

- Mandated counseling (including substance use counseling)
- Mandated training on, for example, sexual or relationship sensitivity, sexual harassment awareness and prohibitions.
- No contact order(s).
- Changes in academic schedules
- Apology.
- Volunteer or community service requirements
- Facilitated meeting with Complainant and/or other affected individuals (only with agreement of Complainant and other affected individuals).
- Campus or community service.

- Housing sanctions (including, but not limited to, reassignment, or loss/revocation/restriction of privilege to live in University housing or specific types of housing, alteration of status in housing lottery).
- Loss of existing, or loss of opportunity for leadership positions, campus employment, extracurricular activities and/or off-campus study.
- Loss of social privileges, such as the ability to attend or participate in social or extracurricular activities and events.

The following are examples of the types of sanctions that may be imposed on an **Employee Respondent** when there is a determination that they are responsible for one or more violations of this policy:

- Written warning.
- Probation.
- Demotion.
- Suspension with or without pay.
- Termination.
- Forfeiture of pay increase.
- Loss of supervisory responsibilities.
- Performance improvement/performance management plan.
- Counseling.

RESIDENCE LIFE POLICIES & PROCEDURES

HOUSING & BOARD AGREEMENT

All students living in the residence halls must sign a [HOUSING & BOARD AGREEMENT](#) and agree to abide by its terms. Students should familiarize themselves with the contents of the contract. Violations of the terms of the contract may result in its cancellation. Room and board cancellation fees will apply as well as be credited based on the proration table in the University Catalog.

REFUND POLICY OF HOUSING & BOARD AGREEMENT

Students who withdraw from the University must meet with The *Student Success Center* and must turn in his/her room key and student ID card to the Office of Residence Life. A refund credit will be prorated on the room and board charges in accordance with the same schedule as is used for tuition refunds, if applicable.

Students academically or administratively dismissed from housing or the University are not eligible for refunds of tuition and/or room and board charges.

ROOM ASSIGNMENTS & CHANGES

Husson reserves the right to make or change room assignments, but will make every effort to accommodate the preferences of individual students. Returning students sign up for rooms each spring for the following academic year; entering students are provided housing material information prior to New Student Orientation.

Room Changes

Students are not permitted to change rooms without permission from the Residence Life staff. Students are responsible for filling out the proper paperwork for a room change. The student's Resident Director (RD) will facilitate the room change after approval has been granted and before any move actually takes place.

As living with a roommate may be a new experience for students, room changes will not occur until after the first two weeks of each semester and until all avenues of negotiation and mediation are conducted with the roommates and the Residence Life staff. The residence hall staff is available for assistance in the resolution of any conflict. If a problem cannot be resolved, room changes are possible.

RESIDENCY REQUIREMENT

All full-time, first and second-year Husson University undergraduate students must live in the campus residence halls. Students must maintain a minimum academic load of nine (9) credit hours per semester when residing in the residence halls.

6. The student has a medical hardship that requires me to make other living arrangements.

- Documentation from a qualified physician on official letterhead indicating a medical problem and how it affects your ability to live in residence on campus, and specifically how the proposed alternative housing will remedy your medical concern.

7. Other (attach a letter of intent and any supplemental documentation)

Requests to be released from the requirement to live in campus housing will be reviewed in an on-going manner and students will be notified via campus e-mail by the Dean of Student Life, or designee.

Appeals of breakage charges may only be contested for 30 days after the charge is posted to the student's account.

Criteria which will be considered in evaluating the request to be released from the requirement to live in campus housing include the occupancy level of the University residence halls, the maturity level of the student as evidenced by scholarship and general campus citizenship, the estimated ability of the individual to profit from off-campus living, and any extenuating circumstances relating to the specific case. Students will be billed for room and board charges if they do not receive authorization to live off campus.

RESIDENCY RELEASE REQUESTS

RESIDENCY RELEASE REQUEST FORM may be submitted to the Office for Residence Life, 104A Peabody Hall. The Office of Residence Life will review all requests to live off campus and will notify the student in writing of its decision. Room and board breakage fees will apply after a signed HOUSING & BOARD AGREEMENT has been submitted (see *Refund Policy of Room & Board Agreement*).

A breakage fee will apply for approved releases after a student has signed the annual HOUSING & BOARD AGREEMENT based on the following structure:

July 1 – July 31 - \$500

GENERAL CAMPUS RESIDENCE INFORMATION

Floor Arrangements

The residence halls offer a variety of living environments including double rooms, suites, and townhouses.

Washing & Vending Machines

Laundry rooms are located in the basements of each residence hall; on the 4th and 5th floors of the Darling Learning Center and in each Townhouse unit. Vending machines are conveniently located in each traditional residence hall and Darling Learning Center. Inoperative washing machines and vending machines should be reported to the Office of Residence Life or Resident Director.

Internet/Wi-Fi

Each residence hall room is equipped with two data jacks. Wi-Fi is available throughout the residence halls and campus. To alleviate lag, students should use the data jacks in each residence hall room for equipment equipped with data corded inputs.

Cleaning & Maintenance

Custodial service is provided by the University to clean all public areas in the residence halls (stairwells, hallways and bathrooms). Students are responsible for clean-up in these areas after any special student-sponsored activities. Student rooms should be kept clean by the occupants. Residents in the Darling Learning Center are responsible for cleaning and maintaining the shared public space and bathroom in each suite.

Residents in the Townhouses are responsible for cleaning and maintaining the shared public space, individual bedrooms, and bathrooms in each townhouse. Townhouse residents are responsible for regular trash removal from their unit. Trash is to be placed in the identified outdoor trash area adjacent to The Townhouses.

PETS

For health and sanitary reasons, pets are not allowed in the residence halls. Fish are the only animals allowed and tanks must be no larger than 10 gallons and must have a filtration system. Residents are responsible for the care and maintenance of the tank; tanks may not be left over break periods. Disposal of waste and contents of tanks may not be done in bathrooms of the residence halls. If any of these animals are found, they will be immediately removed by the Residence Life Staff and associated cleaning fees will be billed to the student. For a full statement on Animals on Campus, see the University Policies section of the handbook. All students found in possession of an unapproved pet will be subject to the student conduct process or residence informational meeting.

HEALTH AND SAFETY CHECKS

Inspections of all residence hall rooms may be conducted periodically as the need arises. Routine inspections are held to determine maintenance, security and safety standards are being met. Twenty four hours prior notice will be given for routine Health and Safety Checks and will be attended to by the Residence Life Staff. The University reserves the right, at the discretion of the Dean of Student Life and/or his/her designee, to enter a room when there is probable cause to believe that there may be a concern regarding policy violations or the health, safety and/or welfare of the resident and/or any member of the student body.

Husson University contracts vendors to address a number of issues that may arise in residential areas including pest control. If you have allergies or potential reactions to sprayed chemicals, please provide this information to your Resident Director prior to departing.

ROOM KEYS/ACCESS CARD

Each student is issued a key or access card upon moving into the residence hall. The student is responsible for the key and may not transfer or duplicate them. Lost keys should be reported to the Resident Director immediately. For the safety and security of residents, a lock core change may be made and the student will be charged for the change. Residents will also be billed for a lock core change when a key is not returned when they move out of a room. All room keys will be collected at the end of the spring semester or when a student withdraws or departs the University.

Students should be prepared to show their ID card when requested to do so by Residence Life staff, Safety & Security personnel, faculty, staff, or administrators, or law enforcement officer upon request. Failure to provide or surrender the ID card, or personal identification, when requested may result in disciplinary action.

TERMS & CONDITIONS FOR RESIDENTIAL STUDENTS

Following are terms and conditions used by Husson University Office of Residence Life that all students should be aware of - even those not residing on campus. This information is meant to provide a general understanding but clarity can be sought from the Residence Life staff.

2. **Check-In & Check-Out:**
 - a. Each resident must follow the check-in procedures within each hall. This includes registration, receipt of key(s) or access card and acknowledgment of the condition of the room via the ROOM CONDITION REPORT.
 - b. Upon vacating the room, the resident must check out with a staff member, return the key(s) and acknowledge and sign the ROOM CONDITION REPORT.

When a student moves out of a residence hall room he or she must check out with a Resident Life staff member. The checkout procedure assures that a student and a staff member jointly check the vacated room so that inappropriate damage charges are not assessed to the student. Each student is responsible for assuring that all appropriate university furniture is in her or his room at checkout time. All personal belongings, area carpeting, etc., must be removed from the student's room prior to checkout. Room key/access card must be returned at checkout in order to avoid a charge for replacement. Failure to abide by policies and regulations will result in disciplinary action as prescribed by the *Husson University Student Handbook*. The Residence Life staff may conduct monthly Health and Safety Checks.

Neither the student nor his/her guests, shall make or suffer any unlawful, noisy, or otherwise offensive use of his/her room and/or the residence halls, nor commit or permit any nuisance to exist thereon, nor create any interference with the rights, comfort, safety or enjoyment of the University. Excessively large amplifiers are prohibited. In addition, residents should be aware that they are expected to exercise consideration for others at all times - this is called courtesy hours. Each residence hall will hold fire drills throughout the year. Students are expected to evacuate the residence hall immediately upon hearing the alarm sound. When damage to common areas of the residence halls (i.e., lounges, stairwells, lobbies, hallways, bathrooms) are clearly the result of negligence, carelessness, malicious intent to destroy, or theft, residents of the floor or building will be billed for their share of the repair and/or replacement costs. It shall be the responsibility of all residents to be invested into the residential community and minimize damages and require those who are responsible to pay. All information pertaining to damages should be reported to Resident Assistants, Resident Directors, or directly to the Office of Residence Life. Damage charges will be based on local hourly rates, plus the cost of materials and overhead. All repairs to University property must be completed by University personnel or contractors of the University. Requests for repairs or other maintenance should be reported to your Resident Assistant or Resident Director.

Failure to comply with these conditions will result in action by the University to hold the student accountable and may also result in the student forfeiting his/her right to live on campus or other appropriate disciplinary action.
